Education

National Institute of Technology, Rourkela

August 2023 - Present

Bachelor of Technology in Computer Science and Engineering (CGPA - 8.28)

Rourkela, Odisha

Delhi Public School, Nalco Nagar

June 2022

AISSCE - CBSE, Science (PCMB) (Percentage- 85.2%)

Angul, Odisha

Delhi Public School, Nalco Nagar

May 2020

AISSE - CBSE (Percentage- 95.8%)

Angul, Odisha

Relevant Coursework

- Data Structures and Algorithms
- Database Management System
- Object Oriented Programming
- Web Development

Projects

Lung Lens(Finalist, T\$O 2024) | *Python, TensorFlow/Keras, Next.js, React.js, AWS*

July 2025

- Developed an end-to-end web application for detecting **lung diseases (healthy, pneumonia, tuberculosis)** from chest X-ray images using deep learning.
- Implemented and fine-tuned (**YOLOv5, ViT**) models to achieve high diagnostic accuracy on medical image data.
- Built an intuitive and interactive interface with **Streamlit**, enabling users to upload images and instantly obtain diagnosis results and use **AWS** as database for storing patient data.
- *GitHub: Project repository*

StudySync (Finalist, HackRonyx 2025) | *Python, React.js, Computer Vision, Google Cloud APIs*

June 2025

- Built an integrated educational web app for YouTube video management, featuring **AI-powered summarization**, real-time concentration tracking, and **automated quiz generation**. Engineered robust backend analytics and a user-friendly frontend enabling dynamic video summarization.
- Leveraged **Google Cloud APIs, Python**, and **computer vision** to monitor user focus and generate detailed study insights.
- *GitHub: Project Repository*

Achievements/Certifications

- **HackRonyx 2025 Finalist** **June 2025**
Selected among the **Top 35 teams nationally** at **HackRonyx 2025**, organized in collaboration with **HackWithIndia** at Nagpur for developing AI-powered educational solutions.
Certificate: [View Certificate](#)
- **T\$O GEN-AI Hackathon Finalist** **July 2025**
Selected among the **Top 11 teams nationally** at the **T\$O GEN-AI Hackathon** at IIT Bhubaneswar, for developing an AI-powered medical imaging solution.
Certificate: [View Certificate](#)

Technical Skills

- **Languages:** Python, Java, HTML, CSS, JavaScript, SQL
- **Developer Tools:** IntelliJ IDEA, PyCharm, PostgreSQL, Figma, GitHub, AWS
- **Technologies/Frameworks:** Bootstrap, Express.js, Node.js, Next.js, Tailwind CSS, MongoDB, TensorFlow

Extracurricular Activities

Nitrutsav(Cultural Fest)

November 2024

Coordinator

SAC NIT Rourkela

- Inducted as Coordinator for the **Literary and Cultural Fest** at NIT Rourkela, demonstrating **strong organizational, communication and directing skills** in managing events and activities.

Algorithm and Programming Society Club

February 2025 – Present

Technical Team Member

- Collaborated with peers to organize coding workshops, live **problem-solving sessions, hackathons, and guest lectures**. Mentored members through **one-on-one code reviews** and tracked contest performance.
